

HelpAge Internal Image Library

Getting Started

The latest version of Internet Explorer or Google Chrome is highly recommended. Open the Image Library via the [HelpAge brand website](#).

Photographs

The HelpAge Internal Image Library has recently undergone some changes, so please follow these three easy steps to discover the new HelpAge Internal Image Library:

[Sign-in](#)

[Browse](#)

[Advanced Search](#)

[Tag list](#)

Enter the username and password that was given to you.

Email brand@helpage.org to request new login details.

Browsing by collections

If you click **browse** on the brand section website, you will automatically be forwarded to the collections we have in store on the Flickr account.

Advanced Search

Advanced Search allows you to search for specific details either using the Full text search or Tags only search.

Advanced Search

Full text searches (this is the Flickr default in the search box) allow you to find specific quotations, details of projects or cases studies which may not be in the tags, and partial names.

Downloading the image

Open the image you want to download and click the download button.
The original size is always the highest resolution available.

Using the image

When using photos from HelpAge, it is important to properly credit HelpAge International and the photographer. Check the description for any comments indicating how the photo has been used.

For more information, check our guideline on using [images and case studies from the Internal Image Library](#).

For further help or information, please contact Dama Sathianathan, Communications Assistant
dama.sathianathan@helpage.org or brand@helpage.org.
