About HelpAge International

HelpAge International works with partners and a diverse global network of more than 170 organisations over 90 countries, supporting millions of older people to live safe, dignified, and healthy lives. Through our partnership and collaborations, we work to ensure the inclusion of older people across society and strive to deliver a just and fair world for everyone, whatever their age.

Our work is driven by our desire to deliver real impact for older people, to be inclusive, to work in partnership and to learn from our shared experience. Our 2030 strategy Ageing in a Just World sets out how we will work together to shape the future we all share. By ensuring that all our work promotes wellbeing, dignity and voice, we can be a positive influence in the lives of current and future older people.

HelpAge International is entering into an exciting phase of its evolution as we fundamentally transform what we do, how we do it and how we are organised. Driven by our commitment to the localization agenda, we are evolving the way we partner and deliver value at the country and local level. In the coming 3 years, we will localize our country offices and programmes, and develop new and diverse forms of partnerships globally. We seek to give primacy to local agents for change. To this end, we will replace all programmes delivered by HelpAge staff and resources on the ground with implementation by partners. This will apply across all our work - humanitarian and long-term development. Going forward, our value is framed around supporting, convening and thought leadership.

Protection Cluster Sudan

The Protection environment in Sudan has grown increasingly dire, marked by a stark disregard of civilians’ safety and civilian infrastructure. This deterioration is linked to urban warfare in Khartoum, the spreading conflict in Darfur with ethnic dimensions, complex fighting in South Kordofan, and ongoing strife in Blue Nile - all set against a backdrop of rising criminal activity across the country. Many civilians remain trapped in conflict zones with many internally displaced to safer areas requiring psychosocial support and individual assistance to respond to rising
protection needs. Persons with specific needs require specialized support amid severe economic hardship and rising inflation.

The Protection Sector's 2024 Humanitarian Response Plan (HRP) for Sudan outlines three primary objectives. First, it aims to address immediate and acute protection risks and needs of vulnerable internally displaced persons (IDPs), IDP returnees, and crisis-affected host communities by providing equitable and timely lifesaving services (HNRP S01). Second, it seeks to strengthen the protection environment through robust monitoring and analysis, identification of protection risks, human rights violations, gaps in available service provision, and advocacy (HNRP S02). Third, it focuses on enhancing community-based protection mechanisms to address protection needs, improve preparedness and early warning capacities, and prevent or mitigate protection risks (HNRP S02).

The Protection Cluster in Sudan is committed to addressing and mitigating protection risks while empowering affected people to assert their rights and dignity. This will be achieved through individual protection assistance and case management. By fostering relationships with affected communities, the Cluster aims to enable self-identification of protection needs and risks. It will support multipurpose community centres where activities and projects are implemented through inter-cluster engagement. An area-based approach will be adopted, utilizing static facilities, mobile outreach units, and community committees to ensure adequate access and tailored responses. The Cluster's objectives also emphasize collective and collaborative activities, ensuring the provision of critical protection services tailored to specific needs, promoting human rights, and improving coordination at both national and state levels.

**How you can make a difference**

At HelpAge International, we offer a unique and exceptional career experience to bring positive and lasting change in the lives of older persons. As countries prepare for and adapt to population ageing, you can make a difference at a critical juncture to how societies, economies and institutions adapt to this change. Guided by our commitment to our values of impact, learning, partnership, and inclusion (see values), you will work with talent like yourself and partner with other agents for change to bring systemic change and impact at scale. By acting as a supporter, convener and thought leader, together, we can make an impact that matters for older persons and their communities before, during and when recovering from a humanitarian crisis. HelpAge International offers you an inclusive, collaborative workplace and innovative environment.

**About the Role**

We are seeking a passionate, professional and experienced candidate to support the national protection cluster in Sudan, someone who thrives in collaborating with others and who can work in agile ways and across boundaries. This position will be embedded within the Protection Cluster at the national level to provide
technical support to members and to also assist in coordination efforts. The Sudan Protection Cluster has been active since 2008 under the leadership of UNHCR, to coordinate the protection activities of international and national humanitarian and human rights actors and advocate human rights and international law in humanitarian action.

Under the umbrella of Protection Cluster, there are three Areas of Responsibilities (AORs): Child Protection, Gender-based Violence (GBV), and Mine Action.

The Age Inclusion Specialist will support the Protection cluster to monitor, report, enhance the quality response related to age and disability inclusion and promote age and disability inclusion to ensure that needs and concerns of older people are identified and addressed as part of a wider commitment including HNO, HRP to the delivery of an inclusive humanitarian response.

**Key areas for impact/influence and responsibilities**

These outline the broad areas of responsibility in the role, but in collaboration with your humanitarian colleagues you will be able to shape and design specific activities that are relevant at any point in time. We want you to work creatively to deliver impact and respond to relevant opportunities.

This role should promote the meaningful participation and involvement of older persons with and without disabilities including Older People Associations (OPAs) and Organisations of Persons with Disabilities to make their voices heard. This role should identify and support opportunities for more meaningful engagement of humanitarian actors with OPAs and OPDs to ensure their needs are met in humanitarian responses.

As an Age Inclusion Specialist, you will have a coordination and a technical role as outlined below:

**Specific Responsibilities:**

- Assist the Protection Cluster to develop context relevant age inclusive activities and to implement these activities in accordance with the jointly defined strategy and workplan.
- Map, coordinate, and actively engage with local organisations specialized in age inclusion.
- Promote the active engagement of interested humanitarian actors to include older people and people with disabilities in the response planning throughout the inter-agency cluster mechanism.
- Create linkages with other relevant clusters and working groups including WASH, Health and CCCM to provide proactive support and guidance to operationalize inclusion.
- Support the protection cluster in the implementation of the ‘Emergency Protection Responder’ approach.
- Participate in relevant coordination and cluster meetings.
Technical Role

- Monitor and analyse the protection situation of older persons and identify areas for programme and advocacy response.
- Map and assess the inclusion of older people in the assessment and planning of humanitarian action.
- Support and monitor the data collection exercises, assessments, and surveys through promoting the use of age inclusive tools.

Good practices

- Map ongoing activities/good practices and lessons learnt on age inclusion in the humanitarian response.
- Take proactive responsibility by staying informed about development and good practices in age inclusion and mainstreaming.

Training

- Develop a capacity building workplan in line with the priorities of the cluster.
- Design and create relevant training and deliver them across the protection and other clusters and to relevant partners at field level.
- Provide technical inputs to documentation, training modules, tools and other resources produced by the protection cluster and other actors.

Mainstreaming

- Focus on mainstreaming inclusion into humanitarian coordination mechanisms, in addition to advocating for the rights of older persons with and without disabilities.
- Observe the implementation of humanitarian programs to identify gaps and needs related to the inclusion of older persons with and without disabilities.
- Collaborate with other actors engaged in mainstreaming and accountability to affected persons.

Skills and experience required

- Field and programmatic experience in humanitarian work in conflict/peacebuilding environments in a variety of contexts.
- Previous experience working in Sudan.
- Strong understanding of intersectional analysis and age and gender transformative actions.
- Strong working knowledge of the humanitarian coordination system and humanitarian architecture and experience working with partners and other international stakeholders (UN, INGOs).
- Protection and inclusion background including experience in inclusion of at-risk groups ideally in humanitarian context- and older people, and persons with disabilities.
- Excellent written and spoken Arabic and English
- Strong interpersonal and representation skills and previous experience of networking with other humanitarian organisations.
- Proven experience in capacity strengthening.
- Ability to work in a fast paced and stressful environment.
- Ability to work legally in Sudan
Key Behavioural Competencies

At HelpAge International, we believe in the importance of empowering our people to be change makers and leaders at all levels. We expect our people to embrace and live our values, challenging themselves every day to identify issues that are most important to older persons and their communities, and to make an impact that matters.

In addition, as an HelpAge employee you are expected to:

<table>
<thead>
<tr>
<th>Competencies</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Working Collaboratively with Others</td>
<td>Work collaboratively, building mutual trust and respect, with external organisations and partners to achieve our strategic aims and objectives; being accountable for the work we do together.</td>
</tr>
<tr>
<td>Adaptability and Flexibility</td>
<td>Adapt to new directions or opportunities arising within the organisation and in our work area; being flexible in our role, constantly using the feedback to learn more and evolve further.</td>
</tr>
<tr>

Safeguarding

HelpAge International is committed to safeguarding the communities with which we work, our partners, staff and any others who we come into contact with. The post holder will also be responsible for:
• Preventing harm and abuse from our people, operations and programmes to anyone that encounters our work.
• Reporting all safeguarding incidents you see, hear, hear about or suspect, using our internal reporting mechanism.
• Complying with all safeguarding framework policies and practices.
• Completing mandatory training courses relating to our safeguarding policy framework and complying with HR vetting procedures.

**SAFER RECRUITMENT**

All employments at HelpAge International will be subject to satisfactory references and appropriate screening checks, which can include misconduct disclosure schemes and terrorism finance checks.
