About HelpAge

HelpAge International works with a diverse global network of around 200 organisations across 99 countries to promote the rights of older people to lead dignified, healthy and secure lives.

Through partnership and collaborations, we work to ensure the inclusion of older people across society and strive to deliver a just and fair world for everyone as they get older. Our work is driven by our desire to achieve real impact for older people, to be inclusive, to work in partnership and to learn from our shared experience.

As countries prepare for and adapt to population ageing, we are seeking to make a difference at a critical juncture to how societies, economies and institutions adapt to this change.

Our 2030 Strategy 2030, [Ageing in a Just World](#), sets out how we will work to shape the future we all share. By working together with our partners, we aim to inspire a movement for change. By ensuring all our work promotes older people's wellbeing, dignity and voice, we seek to transform the lives of older people now and in the future.

Guided by our commitment to our values of impact, learning, partnership, and inclusion, we partner with others to bring systemic change and impact at scale. By acting as a supporter, convenor and thought leader, we want to make an impact that matters for older people and their communities.

Our organisational culture

The culture of the organisation aims to ensure:

- **Accountability for All:** Every individual and team member is responsible for their actions and decisions, ensuring alignment with **organisational priorities** and commitments to partners and network members.

- **Culture of Collaboration:** Working together across teams, network members, and partners to share knowledge, maximise impact, and drive collective success, rather than working in silos.
- **Openness and Transparency:** Ensuring open communication, clear decision-making processes and actions, and a commitment to sharing information in a way that builds trust and accountability.
- **Collective Responsibilities Within and With Partners and Network:** Recognising that achieving our mission requires shared responsibility, we promote joint ownership of decisions, initiatives, and outcomes across HelpAge and its network members and partners.
- **Staff and network members are valued:** Staff and network members are recognised, and valued and appreciated for their contributions, fostering an environment where every individual feels respected, supported, and integral to our mission, with their input and expertise recognised as vital to achieving our shared goals.
